

Dear Ali, David, Gagan, Sally and Tom,

Thank you all so much for your politeness and good humour at the Hustings, you all stood above the nastiness of the National debates. Ali you were missed but I hope you will also answer the web site questions.

*I have attached the questions we received from the electorate both before, and on the evening of the Hustings. I intend to put them up on the Citizens web site and offer you all the opportunity to send us your answers. Some of the questions are similar and I suggest you give general answers in those cases. I have omitted the questions directed at individual candidates, as we did on the night. Please would you send your answers to chairman@berkhamstedcitizens.org.uk. If I could have them by **first thing** in the morning **Monday December 2nd**. I would be very appreciative as I need to have them put up on the web site **all at the same time**, so that no one feels disadvantaged by being earlier or later than their fellow candidates. I am aware that some of these questions were answered during the hustings, but if you answer them all, those that could not get to the meeting have the opportunity of hearing your views for this important election.*

Lindy - Chairman Berkhamsted Citizens
